## Engine management services

Who better to have on your engine management team than the manufacturer?

### Services included

#### Engine Health Monitoring (EHM)

EHM maximizes operational performance by minimizing the incidence of unplanned events that cost you time, asset availability and trust. This is enabled by proven Rolls-Royce engine performance analysis capabilities and the latest diagnostic technologies, supported by our service engineering and worldwide customer services network.

#### Technical Services

Updates to Technical Publications and repetitive training are provided under CorporateCare Enhanced free of charge. You also receive the support of our worldwide team of Regional Customer Managers who provide personalized comprehensive support according to your needs and manage the provision of your CorporateCare services.

#### Service Engineering

CorporateCare Enhanced involves a partnership between Rolls-Royce and the operator aimed at optimizing engine reliability, longevity and durability. Our Service Engineering ensures that you receive the latest modification standard when your engines are reworked, and we cater to the specific requirements of your operation.

## Asset and logistics support

Rolls-Royce inventory and network are your inventory and network.

### Services included

#### Spare engines

Rolls-Royce guarantees contracted members of the CorporateCare family access to loaner engines for both scheduled and qualified unscheduled shop visits. Engine requirements are coordinated through our Regional Customer Manager network. No incidental charges are incurred while leasing engines – you can continue your operations unaffected by overhaul shop issues.

#### Line maintenance

Parts required for scheduled and qualified unscheduled maintenance, as well as Service Bulletin requirements, are covered by the program. This includes items from filters to FADECs.

#### Engine change and logistics cover

CorporateCare Enhanced covers the expenses to remove and reinstall both your engines and loaner engines, as well as the cost and logistics necessary to ship engines to and from the overhaul base. This cover extends to scheduled events at Rolls-Royce authorized Line Maintenance centers and unscheduled events wherever they may occur, all organized by Rolls-Royce.
