

CorporateCare Enhanced for

BR725

In a class of its own.

Overview

What is CorporateCare Enhanced?

For over 20 years CorporateCare® has provided our business aviation customers with outstanding peace of mind by protecting them from unforeseen costs and unscheduled events worldwide. In 2019, Rolls-Royce introduced CorporateCare Enhanced, which offers expanded line maintenance coverage on all CorporateCare Enhanced engines and nacelle coverage on the BR710 and BR725 engine - both supported by more than 75 Authorized Service Centers around the world, over 50 On-Wing Care professionals and a 24/7 Aircraft Availability Center.

CorporateCare Enhanced is a simple, comprehensive cost per flight hour service, designed to deliver a highly competitive engine maintenance program to business aircraft customers.

What is covered?

- All regular scheduled shop visit costs (labor and materials)
- Unscheduled shop visit costs for non-FOD events
- Alternative Lift for unscheduled qualified engine removals
- Loaner engines during scheduled or unscheduled shop visits
- Removal and reinstallation labor for operator and loaner engines
- Transportation to and from overhaul shop for operator and loaner engines
- Inclusion of all Airworthiness Directives
- Inclusion of all mandatory and recommended Service Bulletins at shop visit
- Removal and reinstallation labor for line replaceable units (LRUs)
- Scheduled boroscope inspection labor
- Annual training course at a Rolls-Royce US facility for one individual
- Annual Technical Publications revision service
- Engine Health Monitoring service
- Engine spare parts
- Worldwide recovery of engines suffering an unscheduled event (excluding FOD)
- Line Replaceable Parts repair/exchange Service including R&R labor
- Line maintenance for A and C checks
- Unlimited troubleshooting labor
- Oil at engine change
- Mobile repair team travel and labor cost
- Nacelle - including cowls, engine build up and thrust reverser unit maintenance
- Nacelle spare asset coverage to keep you flying during repairs
- Line maintenance labor for nacelle related A and C checks
- Corrosion on both engine and nacelle

CorporateCare Enhanced is a simple, comprehensive cost per flight hour service

As the OEM, we know your engines inside and out, so who better to look after them?

Off-wing support

CorporateCare Enhanced is the world's best engine maintenance program for quality and value.

Powerplant management services

Who better to have on your powerplant management team than the manufacturer?

Services included

Engine Health Monitoring (EHM)

EHM maximizes operational performance by minimizing the incidence of unplanned events that cost you time, asset availability and trust. This is enabled by proven Rolls-Royce engine performance analysis capabilities and the latest diagnostic technologies, supported by our service engineering and worldwide customer services network.

Technical Services

Updates to Technical Publications and repetitive training are provided under CorporateCare Enhanced free of charge. You also receive the support of our worldwide team of Regional Customer Managers who provide personalized comprehensive support according to your needs and manage the provision of your CorporateCare services.

Service Engineering

CorporateCare Enhanced involves a partnership between Rolls-Royce and the operator aimed at optimizing engine reliability, longevity and durability. Our Service Engineering ensures that you receive the latest modification standard when your engines are reworked, and we cater to the specific requirements of your operation.

Asset and logistics support

Rolls-Royce inventory and network are your inventory and network.

Services included

Spare engines

Rolls-Royce guarantees contracted members of the CorporateCare family access to loaner engines for both scheduled and qualified unscheduled shop visits. Engine requirements are coordinated through our Regional Customer Manager network. No incidental charges are incurred while leasing engines – you can continue your operations unaffected by overhaul shop issues.

Line maintenance

Parts required for scheduled and qualified unscheduled maintenance, as well as Service Bulletin requirements, are covered by the program. This includes items from filters to FADECs as well as labor for nacelle related A and C checks.

Powerplant change and logistics cover

CorporateCare Enhanced covers the expenses to remove and reinstall both your powerplants and loaner powerplants, as well as the cost and logistics necessary to ship powerplants to and from the overhaul base. This cover extends to scheduled events at Rolls-Royce authorized Line Maintenance centers and unscheduled events wherever they may occur, all organized by Rolls-Royce.

Nacelle support

With the launch of CorporateCare Enhanced, Rolls-Royce has created a lease pool for nacelle components and related tooling. Our global parts stores have been extended to now include nacelle material as well as lease and loaner engines.

Alternative lift

If a member of the CorporateCare family experiences engine trouble resulting in an unscheduled engine removal, Rolls-Royce will dispatch a replacement aircraft enabling you to complete your mission. The replacement aircraft will remain available to you until your aircraft returns to service. Service of this caliber is an industry first.
